

Asbestos Registry

Healthcare Facilities within Prairie North Health Region

			
Facility Name: St Walburg Health Complex			
Location: 410 - 3rd Avenue West			
St Walburg, SK			
Date: December 9, 2014			
Contact Person: Lloyd Bullock, Director of Environmental Services			
Telephone 306 820 2582			
Email - lloyd.bullock@pnrha.ca			
Type of Asbestos Containing Material	Location	Characteristics	Accessibility
Sheet flooring	Soiled Utility room	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	High
Sheet flooring	Clean utility room	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	High
Sheet flooring	Housekeeping room	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	Moderate, limited staff
Sheet flooring	Room 1, resident room, washroom, closet	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	High
Sheet flooring	Room 2, resident room, washroom, closet	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	High
Sheet flooring	Room 3, resident room, washroom, closet	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	High
Sheet flooring	Room 4, resident room, washroom, closet	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	High
Sheet flooring	Room 5, resident room, washroom, closet	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	High
Sheet flooring	Room 6, resident room, washroom, closet	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	High
Sheet flooring	Room 7, resident room, washroom, closet	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	High
Sheet flooring	Room 8, resident room, washroom, closet	30% Chrysotile, non friable, large white stone pattern with gold stone flakes	High
