PROCEDURE

1. A review or reassessment of every client must occur within 90 days after service started, then annually after that to ensure the changing needs of the client are continuously met.
2. Additional care reviews or reassessments as warranted by the condition or situation of clients must be conducted.
3. Yearly reassessment must be conducted using the SCIP or APPI or MDA Home Care assessment tools.
4. Consents must be reviewed and documented with each assessment review.
5. Prior to making any major changes to clients' care arrangements, Regional Health Authority staff must conference with clients and/or family and explain the basis for the proposed changes and obtain their consent.
